

Lead-smart gardening practices

WASH ALL produce before eating

PEEL fruit and vegetables

REMOVE and discard outer leaves

USE raised garden beds with **CLEAN** soil

ADD organic matter

COVER bare soil

DON'T grow and eat leafy vegetables

DO:

- > Wash **ALL** produce before eating
- > Peel fruit and vegetables
- > Remove and discard outer leaves of produce
- > Use raised garden beds with clean soil
- > Add organic compost matter that is not locally grown
- > Cover bare soil
- > Choose produce that has been grown outside of Port Pirie for a healthy balanced diet if you are pregnant or feeding young children

DON'T:

- > Grow and eat leafy vegetables
- > Grow produce around the drip line of home
- > Use rainwater on vegetables

DON'T grow produce around drip line of house

USE mains water
