

## LOGGING OUT OF A ROLE – POST HEAT RELATED ACTIVITY

Once you have completed your Heat Activity report, you will need to log out of the Bronze Commander role (unless you are the scheduled Bronze Commander for your site), by clicking on the top right corner.

The screenshot displays the SAHEMS web application interface. At the top right, the user's profile is visible, including the name 'shane.bolton@health.sa.gov.au' and the role 'Current Role: RAH Bronze Commander'. A red arrow points from the text above to the 'Log Out' button, which is highlighted with a red rectangular box. The main dashboard area shows various widgets for 'My Incidents', 'My Forms', 'My Activities', and 'My Notifications', each with a 'VIEW MORE' link. The 'My Notifications' widget shows a list of recent notifications with timestamps.

Public-I2-A2

Once at this screen, you can click on the “Unassign my role & logout” button to unassign you from your role and leave SAHEMS.
