

Southern Adelaide Local Health Network (SALHN)

Co-Principal Investigator Agreement

All clinical research studies conducted within Southern Adelaide Local Health Network (SALHN) must designate an individual, qualified by training and experience, to serve as the Principal Investigator (PI). The PI must have sufficient authority, relevant scientific knowledge, and the requisite training to personally carry out or supervise all aspects of the project. This individual is responsible and accountable to SALHN for all aspects of the study protocol.

In cases where a PI is neither accredited by/credentialed through SALHN, nor a SALHN employee, an appropriate Co-PI (Clinical) shall be assigned to take clinical responsibility for the research study.

I, _____ (*print given names & surname*), have read the above information, and I agree to take clinical responsibility for the following study:

Study Title:			
HREC Reference:			
OFR Reference:			
Co-PI (Clinical)			
Position Held & Name of Institution			
Signature:		Date:	
Name of Witness:			
Position Held & Name of Institution:			
Signature of Witness:		Date:	

This Agreement should be signed as acceptance of the conditions outlined above and returned to:

Research Governance Officer (SALHN)
Office for Research
Southern Adelaide Local Health Network
Flinders Medical Centre, Flinders Drive,
BEDFORD PARK SA 5042

E: Health.SALHNOfficeforResearch@sa.gov.au

A copy of this Agreement should be retained by both Co-Principal Investigators.
